

REMARKS

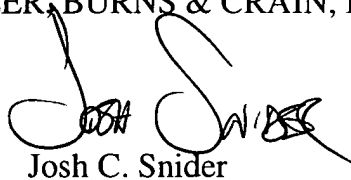

As stated above, in response to the Election/Restriction Requirement, Applicant has elected Group I (claims 1-6) with traverse. The grounds for traversal are that examination of all claims would not place an undue burden on the Examiner. The claims share several features, and a search for one group would probably overlap or encompass a search for the other group. For at least these reasons, Applicants request that the restriction requirement be withdrawn, and that all claims be examined on the merits.

New claims 9-14 have been added herein to recite other combinations of features of the present invention and are allowable on their own merits. Consideration on the merits, entry, and allowance of new claims 9-14 are also respectfully requested.

Respectfully submitted,

GREER, BURNS & CRAIN, LTD.
